

Fogolar Furlan Windsor

To Whom It May Concern

We have recently completed the conversion of our existing gymnasium to the Windsor Hall Banquet Facility in September of 2005. With the assistance of CEA we were able to design and implement an audio video system that provides the flexibility and ease of use demanded by the variety of functions we host.

The ability to be able to work with a local supplier who provided us with state of the art technology made the installation and follow up training a pleasant experience. CEA continues to support our needs and we are pleased to say that everything was accomplished within budget.

We plan to partner with them again in the future, and have no hesitation in recommending them as a quality supplier.

Sincerely
